For the first time in **Uttar Pradesh**, the Department of Ophthalmology, **GSVM Medical College, Kanpur**, has signed a **Memorandum of Understanding (MoU) with Sightsavers**, a globally recognized organization committed to eliminating avoidable blindness and promoting inclusive eye health.

Under this non-financial MoU, Sightsavers India will support the department in its journey to become a Centre of Training Excellence, fostering an academic environment focused on comprehensive clinical and surgical proficiency.

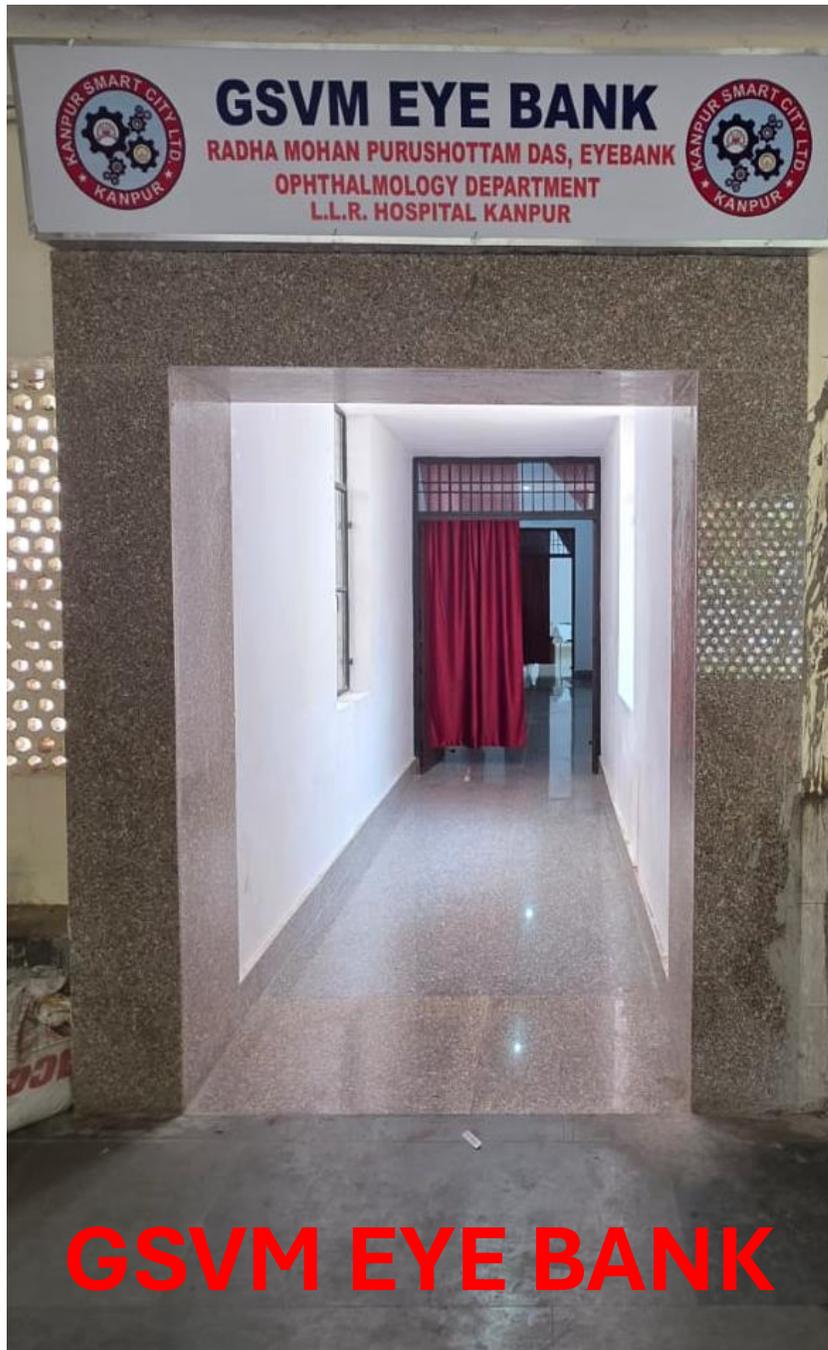

This collaboration aims to:

- Empower ophthalmology and optometry students as well as senior residents by equipping them with the skills and competencies required for delivering high-quality, community-focused eye care.
- Enhance efficiency and clinical readiness of trainees, preparing a new generation of professionals capable of meeting the diverse challenges in the field of ophthalmology.
